## REPORT OF SUPERINTENDENT OF SCHOOLS

*To the School Board of Newbury District:*

It gives me much pleasure to submit herewith my tenth annual report of the work of the schools of the district. During the year 1934-35, the following teachers were employed:

<i>School</i>	<i>Teacher</i>	<i>Training</i>	<i>Yr. of Grad.</i>
Baker Hill	Eleanor McAllister	K. N. S.	1933
Center	Edyth L. Watson	K. N. S.	1928
South	Barbara R. Pombrio	K. N. S.	1934

### REGISTER SUMMARIES

	Baker Hill	Center	South	Total	1933-34
Half-days in session . . . .	360	360	360	360	358.66
Half-days lost . . . . .	0	0	0	0	1.34
No. pupils registered . . . .	20	24	30	74	72
Av. membership . . . . .	15.60	19.78	30.	65.40	65.58
Per cent attendance . . . .	95.	95.	93.	94.37	95.54
No. tardinesses . . . . .	13	18	104	135	118
Av. tardiness per pupil . .	.83	.91	3.4	2.0	1.79

No. visits Superintendent . .	17	18	22	57	70
No. visits Citizens . . . . .	23	29	34	86	67

From the above table it may be noted that the amount of tardiness at the South School was very high. Parents should make every effort to get pupils to school on time.

The number of pupils in the district attending school was 90, distributed as follows:

In the local elementary school . . . . .	74
Henniker High . . . . .	4
New London High . . . . .	1
Newport High . . . . .	8
Sunapee High . . . . .	1
Warner High . . . . .	2

Total . . . . .	90

## ROLL OF PERFECT ATTENDANCE

*For Full Year*

Frances Leach	Jean Plumeridge
Walter Croteau	

*For 3 Nine-Week Periods*

Carl Digilio	Seymour Sharps
Joseph Digilio	Cecelia Burton
Rosina Digilio	Wm. Burton
Dorothea Leach	Charlie Burton
Walter Leach	Irene Muzzey
Edwin Maxfield	

*For 2 Nine-Week Periods*

Geraldine Croteau	Francis Burton
John Croteau	George Chadwick
Wm. Mason	Allen Chadwick
Marion Mason	Winifred Chadwick
Edward Ring	Geraldine Chadwick
Wm. Croteau	Madeline Farmer
Richard Mason	Margaret Muzzey

The result of the annual medical inspection showed that 13 pupils were 10% or more underweight. Five pupils had defective vision and of these 2 were corrected. Of the 38 pupils having defective teeth, only three had corrections. There were nine cases of diseased tonsils. A dental clinic would be very beneficial to the pupils of the district.

We earnestly recommend for the consideration of the board and the citizens of the district the addition of a second room to the Center school building, making this a two-room school, with grades 1-4 in one room and 5-8 in the other. This may be done without spoiling the symmetry of the building and for a moderate expense. By this plan, we would gain the advantage of having larger groups of pupils of the same age and grade. Each teacher would have time for more specialization and preparation in her particular work, as well as more time for each class.

On account of the large number of pupils at the South School during this fall term, 1935-36, it became necessary to transport the pupils of grades 7-8 to the Center school. This makes a group of about twelve pupils there in these grades. The result has been a real advantage to them, as the larger number in the class causes more interest in the work. As this plan has succeeded so well, we believe it would be wise to continue it next year.

As there is now an abundance of running water available at the Center school, it would be an economy and distinct improvement to abandon the chemical toilets now in use there and install flush toilets with septic tanks. Once the latter are installed, the cost of upkeep would not be very great. The chemical toilets there now involve the cost of chemical and labor each year.

In conclusion, we wish to acknowledge our indebtedness to the School Board for their active cooperation and support; to the teachers for their loyalty and whole-hearted efforts in improving the work of the schools; and cause of education in the district.

Respectfully submitted,

JOHN A. SINCLAIR,  
*Superintendent of Schools*
